Why: Mrs. Turner's and Ms. Yergin's classes have been working together on a service learning project. This project is based off of the novel Three Cups of Tea by Greg Mortenson. This is an inspired story about a man who was lost in the mountains of Pakistan and was taken in by a local village. Determined to repay the people for their kindness Greg started building schools in Pakistan. His project continued to grow and he developed the Central Asia Institute to fund education based projects in war torn countries. The students have researched Afghanistan and Pakistan and learned about different aspects of these countries. The next step of our project is our fundraiser, Parent's Night Out. The money you help us raise will be used to build schools and promote education in Afghanistan and Pakistan.
